Introduction

Where we send investment applications or orders on your behalf to third parties (for example, to buy or sell investment holdings), we make every effort to ensure the best possible result for our clients. This is referred to as best execution. We may transmit or place the order via a third-party platform (an online investment administration service), directly with a fund manager or with a stockbroker, to execute your order.

We're obliged to disclose on an annual basis the top five firms that we send our client orders to. The tables within this report relate to the period 1st January 2018 to 31st December 2018.

The documentary evidence for the tables below, can be located in Best Practice member scans – Best Execution Data – 01.01.18 to 31.12.18.
